From: Commanding General
To: Director, C4 Training and Education Center of Excellence (C4 TECOE)
ASSIGNMENT OF MARCORSYSCOM ACQUISITION PROGRAMS TO C4 TECOE

(a) Training and Education Center of Excellence (TECOE) Charter

1. Purpose. Per the reference, this letter assigns coordination responsibility of MARCORSYSCOM acquisition programs to C4 TECOE.
2. Mission. As outlined in the reference, C4 TECOE will serve as the TECOM representative for MARCORSYSCOM acquisition programs under their cognizance.
3. Execution.
 - a. As of 1 January 2004, C4 TECOE will assume the lead role for TECOM on the following programs:
 - Digital Technical Control (DTC)
 - Enhanced Position Location Reporting System (EPLRS)
 - Global Broadcast System (GBS)
 - Joint Tactical Radio System (JTRS)
 - Lightweight Multi-Band Satellite Terminal (LMST)
 - Secure Mobile Anti-Jam Reliable Tactical Terminal (SMART-T)
 - Tactical Elevated Antenna Mast System (TEAMS)
 - Tactical Data Network (TDN)
 - TRC-170 Service Life Extension Program (SLEP)
 - Transition Switch Module (TSM)
 - b. C4 TECOE will assign in writing an Action Officer in support of each of these acquisition programs. Action Officer's responsibilities are:
 - (1) Act as TECOM representative at all MARCORSYSCOM Integrated Product Teams, and such other forums as may be required.
 - (2) Ensure that the contents of the Manpower and Training Plan are fully supportable and resourced.
 - (3) Review and provide comments on all pertinent project documents to include the Manpower and Training Plan.
 - (4) Maintain close coordination with MARCORSYSCOM, TECOM G-3 C4ISR, and TECOM GTB on any program issues.

Subj: ASSIGNMENT OF MARCORSYSCOM ACQUISITION PROGRAMS TO C4 TECOE

(5) Prior to each Milestone decision, provide a recommended TECOM position to TECOM G-3 and identify any and all training concerns with the program.

c. TECOM G-3 will maintain the lead role for TECOM on the following programs:

C2 On the move Network Digital OTH Relay (CONDOR)

Dismounted Data Automated Communications Terminal (D-DACT)

Joint Enhanced Communication Core System (JECCS)

Joint Network Management System (JNMS)

Mounted Data Automated Communications Terminal (M-DACT)

PRC-150

Unit Operations Center (UOC)

4. Administration and Logistics. Provide TECOM G-3 C4ISR (Maj Connelly) with a list of Action Officers assigned to each program listed above NLT 29 December, 2003.

5. Command and Signal. It is critical that all C4 TECOE proposals, positions, actions, or responses in regards to the above programs are fully coordinated with the TECOM staff, through the normal staff action process. Direct Liaison with MARCORSYSCOM is authorized, however, TECOM G-3 must be kept informed on program updates and progress.

W. B. CROWE
